EXPERIENCE

Wikimedia Foundation - Design System & Senior Product Designer

Nov. 2021 - Present (Remote)

- **Editing Team** – April 2025 - Present
Working on improving Wikipedia's editing tools to make contribution more intuitive and inclusive across platforms for both VisualEditor and WikiEditor. Recently contributed to key VisualEditor features through the [Edit Check](#) and [Suggestion Mode](#) projects.
- **Codex Design System** – Nov. 2021 - April 2025
Contributed to the creation of [Codex](#), the Design System for Wikimedia, focusing on accessibility, internationalization, and open-source collaboration to deliver a scalable solution supporting 300+ languages.

Domestika - Design System & Senior Product Designer

Jan. 2021 - Nov. 2021 (Remote)

Led the design, development, and implementation of Domestika's cross-platform Design System, collaborating with web, Android, and iOS teams.

Bankinter - Design System & Product Designer

Nov. 2018 - Dic.2020 (Madrid)

Designed and consolidated Bankinter's web and app Design System, built around the company's new brand redesign to ensure cross-platform consistency and scalability.

Opentrends - Product Designer

Aug. 2016 - Oct. 2018 (Barcelona)

Worked on end-to-end UX solutions for web and app projects across online banking, automotive, food, and education sectors, from concept to final delivery.

Hamilton Global - Graphic Designer

Sept. 2015-Jul. 2016 (Barcelona)

Designed web, branding, and corporate identity projects for Hamilton Global across Barcelona, Madrid, and Andorra, creating visual and marketing assets.

McCann Worldgroup - Graphic Designer (Internship)

Apr.2015-Sept. 2015 (Barcelona)

Worked on advertising campaigns for leading healthcare brands like Boehringer Ingelheim and Promixin at McCann Worldgroup Barcelona's Healthcare department.

EDUCATION

UOC - Master's Degree in User Experience Design

Oct. 2018 - Jul. 2019 (Remote)

Study and development of all kinds of user research and testing methodologies. Realization of a final master's project from a first initial idea to the final prototype.

ELISAVA - Master's Degree in Design and Communication

Sep. 2014 - Jun. 2015 (Barcelona)

Official university master's degree issued by the Pompeu Fabra University. Development of research activities and design strategies with a specialization in art direction.

Universidad de Salamanca - Bachelor's degree in Fine Arts

Sept. 2009-Jun. 2014 (Salamanca)

Study of the different artistic disciplines and production in all kinds of supports and techniques. Specialization in graphic design and digital environments.
